Except as the context otherwise indicates, all references to “Articles” and “Sections” refer to Articles and Sections of these General Terms and Conditions.

2. TERM AND TERMINATION.

2.1 Term. The Initial Term is as specified in the Special Conditions.

2.2 Early Termination.

(a) Purchaser may terminate this Agreement prior to any applicable Expiration Date for any reason upon sixty (60) days’ prior written notice. If Purchaser terminates the Agreement prior to the Expiration Date of the Initial Term, Purchaser shall pay, as liquidated damages, the Early Termination Fee set forth on Schedule 3, Column 1 of the Special Conditions, and Provider shall cause the System to be disconnected and removed from the Premises in accordance with Section 2.4. Upon Purchaser’s payment to Provider of the Early Termination Fee, this Agreement shall terminate automatically.

(b) Purchaser may (i) if Provider fails to commence construction by the Guaranteed Construction Start Date, be entitled (as its sole remedy) to Delay Liquidated Damages not to exceed \$22.5/kW (DC) of the estimated nameplate capacity of the System (as set forth in Schedule 1 of the Special Conditions), (ii) terminate this Agreement with no liability whatsoever, including, but not limited to the Early Termination Fee, if Provider fails to commence construction of the System by the date that is ninety (90) days after the Guaranteed Construction Start Date, or (iii) if Provider fails to achieve Commercial Operation by the Guaranteed Commercial Operation Date, be entitled (as its sole remedy) to Delay Liquidated Damages not to exceed \$15/kW (DC) of the estimated nameplate capacity of the System (as set forth in Schedule 1 of the Special Conditions), plus (if Installation Work had commenced at the Premises as of the date of termination) any costs reasonably incurred by Purchaser to return its Premises to its condition prior to commencement of the Installation Work. Further, Purchaser may terminate this Agreement with no liability whatsoever, including, but not limited to the Early Termination Fee, if Provider fails to commence Commercial Operation by the date that is sixty (60) days after the Guaranteed Commercial Operation Date. The Guaranteed Construction Start Date and Guaranteed Commercial Operation Date shall be extended on a day-for-day basis if any of the following occurs: (x) notwithstanding Provider’s commercially reasonable efforts, interconnection approval is not obtained within sixty (60) days after the Effective Date, provided that interconnection applications are submitted within 45 days of the later of (a) the Effective Date and (b) finalization of the System layout, (y) a Force Majeure Event occurs or for any delays by the Local Electric Utility or (z) an occurrence of any other unforeseeable event outside of Provider’s reasonable control, provided that Provider makes reasonable efforts to mitigate the impact of such events on the Guaranteed Construction Start Date or Guaranteed Commercial Operation Date (as applicable). Any such extension pursuant to subsection (z) shall be subject to the approval of Purchaser which shall not be unreasonably withheld, conditioned or delayed.

2.3 Purchase Option.

(i) On any Purchase Date, so long as a Purchaser Default shall not have occurred and be continuing, Purchaser has the option to purchase the System for a purchase price (the “Option Price”) equal to the greater of (a) the Fair Market Value of the System as of the Purchase Date, or (b) the Early Termination Fee as of the Purchase Date, as specified in Schedule 3, Column 2 of the Special Conditions. To exercise its purchase option, Purchaser shall, not less than one hundred and eighty (180) days prior to the proposed Purchase Date, provide written notice to Provider of Purchaser’s intent to exercise its option to purchase the System on such Purchase Date. Within thirty (30) days of receipt of Purchaser’s notice, Provider shall specify the Option Price, and provide all calculations and assumptions supporting said Option Price to Purchaser. Purchaser shall then have a period of thirty (30) days after notification to confirm or retract its decision to exercise the purchase option or, if the Option Price is equal to the Fair Market Value of the System, to dispute the determination of the Fair Market Value of the System. In the event Purchaser confirms its exercise of the purchase option in writing to Provider (whether before or after any determination of the Fair Market Value determined pursuant to Section 2.3(ii)), (i) the Parties shall promptly execute all documents necessary to (A) cause title to the System to pass to Purchaser on the Purchase Date, free and clear of any Liens, and

(B) assign all vendor warranties for the System to Purchaser, and (ii) Purchaser shall pay the Option Price to Provider on the Purchase Date, such payment to be made in accordance with any previous written instructions delivered to Purchaser by Provider or Provider's Financing Party, as applicable, for payments under this Agreement. Upon execution of the documents and payment of the Option Price, in each case as described in the preceding sentence, this Agreement shall terminate automatically. Payment of the Option Price shall be in lieu of and instead of any payments as described in Section 2.2 hereof. In the event Purchaser retracts its exercise of, or does not timely confirm, the purchase option, the provisions of this Agreement shall be applicable as if Purchaser had not exercised any option to purchase the System.

(ii) Determination of Fair Market Value. If the Option Price indicated by Provider in accordance with Section 2.3(i) is equal to the Fair Market Value (as determined and demonstrated by supporting documentation provided by Provider) and Purchaser disputes such stated Fair Market Value within thirty (30) days of receipt of such notice from Provider, then the Parties shall mutually select an independent appraiser with experience and expertise in the Energy Services industry. Such appraiser shall have expertise and experience in valuing photovoltaic systems, resale markets for such systems and related environmental attributes, and shall act reasonably and in good faith to determine Fair Market Value and shall set forth such determination in a written opinion delivered to the Parties. The valuation made by the appraiser shall be binding upon the Parties in the absence of fraud or manifest error; however, if Purchaser in good faith disputes the valuation made by the appraiser, Purchaser shall have the right to retract its decision to exercise the Purchase Option. The costs of the appraisal shall be borne by Purchaser if such appraisal results in a value equal or greater than the value provided by Provider pursuant to Section 2.3(i); otherwise, the Parties shall equally share such cost.

2.4 Removal of System at Expiration. Subject to Purchaser's exercise of its purchase option under Section 2.3, upon the expiration or earlier termination of this Agreement, Provider shall, at Provider's expense, remove all of its tangible property comprising the System from the Premises on a mutually convenient date but in no case later than ninety (90) days after the Termination Date. The Premises shall be returned to its original condition, except for System mounting pads or other support structures on roof-mounted systems only, and ordinary wear and tear. If the System is to be located on a roof, then in no case shall Provider's removal of the System affect the integrity of Purchaser's roof, which shall be as leak proof as it was prior to removal of System (other than ordinary wear and tear). For purposes of Provider's removal of the System, Purchaser's covenants pursuant to Section 7.2 shall remain in effect until the date of actual removal of the System. Provider shall leave the Premises in neat and clean order. If Provider fails to remove or commence substantial efforts to remove the System by such agreed upon date, Purchaser shall have the right, at its option, to remove the System to a public warehouse and restore the Premises to its original condition (other than System mounting pads or other support structures and ordinary wear and tear) at Provider's reasonable cost.

2.5 Conditions Prior to the Commercial Operation Date.

(a) In the event that any of the following events or circumstances occur prior to the Commercial Operation Date, Provider may (at its sole discretion) provide notice that it is terminating this Agreement, in which case neither Party shall have any liability to the other except for any such liabilities that may have accrued prior to such termination, including but not limited to Provider's restoration of the Premises in accordance with Section 2.4:

(i) Provider determines that the Premises, as is, is insufficient to accommodate the System or unsuitable for construction or operation of the System.

(ii) There exist site conditions (including environmental conditions) or construction requirements that were not known as of the Effective Date and that could reasonably be expected to materially increase the cost of Installation Work or would adversely affect the electricity production from the System as designed.

(iii) There is a material adverse change in the regulatory environment, incentive program or federal or state tax code (including the expiration of any incentive program or tax incentives in effect as of the Effective Date) that could reasonably be expected to adversely affect the economics of the installation for Provider and its investors.

(iv) Provider is unable to obtain financing for the System on terms and conditions satisfactory to it.

(v) Provider has not received: (1) a fully executed license in the form of Exhibit A of these General Conditions from the owner of the Premises (if the Purchaser is a tenant), (2) a release or acknowledgement from any mortgagee of the Premise, if required by Provider's Financing Party, to establish the priority of its security interest in the System, and (3) such other documentation as may be reasonably requested by Provider to evidence Purchaser's ability to meet its obligations under Section 7.2(d)(ii) to ensure that Provider will have access to the Premises throughout the Term.

(vi) There has been a material adverse change in the rights of Purchaser to occupy the Premises or Provider to construct the System on the Premises.

(viii) Purchaser has determined that there are easements, CCRs or other land use restrictions, liens or encumbrances that would materially impair or prevent the installation, operation, maintenance or removal of the System.

(ix) There has been a material adverse change in Purchaser's credit-worthiness.

(b) If any of the conditions set forth in Section 2.5(a) are partly or wholly unsatisfied, and Provider wishes to revise the information in the Special Conditions, then Provider may propose modifications to the Special Conditions for acceptance by Purchaser. If Purchaser does not accept such modified Special Conditions, Provider may terminate this Agreement as provided in Section 2.5(a) and shall restore the Premises in accordance with Section 2.4. If Purchaser accepts such revised Special Conditions, such revised Special Conditions shall be deemed an amendment of this Agreement, and this Agreement shall remain in force and effect upon execution by both Parties.

2.6 Co-Located Systems. With respect to any Systems that are co-located at the same Premises and connected to the same meter, the Parties acknowledge that the Systems are intended to be owned and operated as one integrated system, and that the Energy Services Payment (a) represents the added value of integrating the Systems to enable Provider's delivery of the Energy Services pursuant to the Agreements when needed by Purchaser, and (b) is a component part of the total consideration payable to Provider in exchange for Provider's comprehensive duties under this Agreement and the Agreement(s) related to the other co-located System(s). Accordingly, the Parties further agree (x) to treat the Systems as one integrated system for all purposes, and (y) that any right or option that is exercised with respect to the System or this Agreement, whether in respect of early termination, purchase option or otherwise, shall also be exercised with respect to the Agreement(s) related to the other co-located System(s).

3. CONSTRUCTION, INSTALLATION AND TESTING OF SYSTEM.

3.1 Installation Work. Provider will cause the System (by using one or more qualified contractors holding the appropriate licenses required in the jurisdiction where the System will be installed) to be designed, engineered, installed and constructed substantially in accordance with Schedule 1 of the Special Conditions and Applicable Law. At its request, Purchaser shall have the right to review all construction plans and designs, including engineering evaluations of the impact of the System. Provider shall perform the Installation Work at the Premises between the hours of 7:00 a.m. and 7:00 p.m. in a manner that minimizes inconvenience to and interference with the use of the Premises to the extent commercially practical.

3.2 Approvals; Permits. Purchaser shall assist Provider in obtaining all necessary consents, approvals and permits required to perform Purchaser's obligations under this Agreement, including but not limited to those related to the Local Electric Utility, any Governmental Approval, and any consents, waivers, approvals or releases required pursuant to any applicable contract or CCR.

3.3 System Acceptance Testing.

(a) Provider shall conduct testing of the System in accordance with such methods, acts, guidelines, standards and criteria reasonably accepted or followed by providers of Energy Services similar to those provided by the System in the United States. Provider shall provide Purchaser with reasonable advanced notice of such testing and shall permit Purchaser or Purchaser's representative to observe such testing. Purchaser's observation of such testing shall not be construed as or deemed an approval of such testing or test results.

(b) If the results of such testing indicate that the System is capable of providing the Energy Services, using such instruments and meters as have been installed for such purposes, and the System has been approved for interconnected operation by the Local Electric Utility (“Commercial Operation”), then Provider shall send a written notice to Purchaser to that effect, and the date of such notice shall be the “Commercial Operation Date”.

4. SYSTEM OPERATIONS.

4.1 Provider as Owner and Operator. The System will be owned by Provider or Provider’s Financing Party and will be operated and maintained and, as necessary, repaired by Provider at its sole cost and expense; *provided*, any repair or maintenance costs incurred by Provider as a result of Purchaser’s negligence or breach of its obligations hereunder shall be reimbursed by Purchaser.

4.2 Metering. Provider shall install and maintain a utility grade kilowatt-hour (kWh) meter for the measurement of electrical energy provided by the System and may, at its election, install a utility grade kilowatt-hour (kWh) meter for the measurement of electrical energy delivered by the Local Electric Utility and consumed at the Premises. Such meter(s) shall meet the general commercial standards of the solar photovoltaic industry or the required standards of the Local Electric Utility.

4.2.1 Meter Testing.

(a) Provider shall provide certificates of calibration for all meters prior to the time of their installation, no meter will be placed in service for which Provider has not provided certificates of calibration. Provider shall test or arrange for all meters to be tested in accordance with the meter manufacturer’s recommendations. Provider shall bear all costs and expenses associated with each meter testing. Purchaser shall be notified at least ten (10) days in advance of such testing and shall have the right to be present during such tests. Provider shall provide Purchaser with detailed written results of all meter tests.

(b) Provider shall test or arrange for meter inspection and testing bi-annually when performing System operations and maintenance.

4.2.2 Cost of Meter Repair.

(a) If meter testing, as described above demonstrates that a meter was operating outside of its allowable calibrations (+/- 2%), then Provider will pay for the cost of repairs or replacement necessary to restore a meter to proper working order.

(b) If a meter is found to be inaccurate by more than two percent (2%), invoices for the prior six (6) months or from the last date such meter was registering accurately, whichever period is less, shall be adjusted to reconcile the discrepancy and payment for the amount of the adjustment issued by the appropriate party within 45 days, except that Purchaser shall not be obligated to pay interest on any amount found to be due because a meter was operating outside of its allowable calibration (+/- 2%).

4.2.3 Meter Data. Provider shall gather and maintain the data from all meters, including but not limited to, interval data registered at least once every fifteen (15) minutes (“Meter Data”), and shall make such Meter Data promptly available to Purchaser at Purchaser’s request.

4.3 System Disruptions. In the event that (a) the owner or lessee of the Premises repairs the Premises for any reason not directly related to damage caused by the System, and such repair requires the partial or complete temporary disassembly or movement of the System, or (b) any act or omission of Purchaser or Purchaser’s employees, Affiliates, agents or subcontractors (collectively, a “Purchaser Act”) results in a disruption or outage in System production, then, in either case, Purchaser shall (i) pay Provider for all work required by Provider to disassemble or move the System and (ii) continue to make all payments for the Energy Services during such period of System disruption (the “Disruption Period”), and (iii) reimburse Provider for any other lost revenue during the Disruption Period, including any lost revenue associated with any reduced sales of Environmental Attributes and any reduced System-based Incentives, if applicable, during the Disruption Period. For the purpose of calculating Energy Services

Payments and lost revenue for such Disruption Period, Energy Services for each month of said months shall be deemed to have been produced at the average rate over the same month for which data exists (or, if the disruption occurs within the first twelve (12) months of operation, the average over such period of operation). Notwithstanding the foregoing, Purchaser shall be entitled to exercise its rights under Section 9 (Allowed Disruption Time) of the Special Conditions.

5. TITLE TO SYSTEM.

5.1 Throughout the duration of this Agreement, Provider or Provider's Financing Party shall be the legal and beneficial owner of the System at all times, and the System shall remain the personal property of Provider or Provider's Financing Party and shall not attach to or be deemed a part of, or fixture to, the Premises. The System shall at all times retain the legal status of personal property as defined under Article 9 of the Uniform Commercial Code. Purchaser covenants that it will use reasonable commercial efforts to place all parties having an interest in or lien upon the real property comprising the Premises on notice of the ownership of the System and the legal status or classification of the System as personal property. If there is any mortgage or fixture filing against the Premises which could reasonably be construed as attaching to the System as a fixture of the Premises, Purchaser shall provide, at Provider's request, a disclaimer or release from such lien holder. If Purchaser is the fee owner of the Premises, Purchaser consents to the filing by Provider, on behalf of Purchaser, of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction of the Premises. If Purchaser is not the fee owner, Purchaser will, at Provider's request, use commercially reasonable efforts to obtain such consent from such owner.

5.2 Environmental Attributes And System-Based Incentives. Purchaser's purchase of Energy Services includes Environmental Attributes, but does not include System-based incentives. System-based Incentives shall be owned by Provider or Provider's financing party for the duration of the System's operating life. Purchaser disclaims any right to System-based Incentives based upon the installation of the System at the Premises, and shall, at the request of Provider, execute any document or agreement reasonably necessary to fulfill the intent of this Section 5.2. During the Term, Provider shall establish and maintain a WREGIS sub-account to register and track renewable energy certificates (RECs) associated with generation produced by the System. Unless Purchaser prefers a different sub-account designation, RECs transferred into the WREGIS sub-account will be tagged by Provider as retired on behalf of Purchaser. Provider will provide Purchaser read-only access to the WREGIS sub-account and provide an annual report to Purchaser on the status of the RECs. Purchaser understands that if RECs are retired they cannot be used for any other purpose or 'un-retired'

6. PRICE AND PAYMENT.

6.1 Consideration. Purchaser shall pay to Provider a monthly Energy Services Payment for the Energy Services provided during each calendar month of the Term as set forth in the Special Conditions.

6.2 Invoice. Provider shall invoice Purchaser on or about the first day of each month (each, an "Invoice Date"), commencing on the first Invoice Date to occur after the Commercial Operation Date, for the Energy Services Payment in respect of the immediately preceding month. The last invoice shall include Energy Services provided only through the Termination Date of this Agreement. Invoices shall state, at a minimum, (i) the amount of actual electricity produced by the System and delivered to the delivery point during the invoice period (if applicable), (ii) the rates applicable to, and any charges incurred by, Purchaser under this Agreement, and (iii) the total amount due from Purchaser.

6.3 Time of Payment. Purchaser shall pay all undisputed amounts due hereunder within thirty (30) days after Purchaser's receipt of an invoice from Provider.

6.4 Method of Payment. Purchaser shall make all payments under this Agreement either (a) by electronic funds transfer in immediately available funds to the account designated by Provider from time to time or (b) by check timely delivered to the location designated by Provider from time to time. All payments that are not paid when due shall bear interest accruing from the date becoming past due until paid in full at a rate equal to the Stated Rate.

6.5 Disputed Payments. If a *bona fide* dispute arises with respect to any invoice, Purchaser shall not be deemed in default under this Agreement and the Parties shall not suspend the performance of their respective obligations hereunder, including payment of undisputed amounts owed hereunder. If an amount disputed by Purchaser is subsequently deemed to have been due pursuant to the applicable invoice, interest shall accrue at the Stated Rate on such amount from the date becoming past due under such invoice until the date paid.

7. GENERAL COVENANTS.

7.1 Provider's Covenants. Provider covenants and agrees to the following:

(a) Notice of Damage or Emergency. Provider shall (x) promptly notify Purchaser if it becomes aware of any damage to or loss of the use of the System or that could reasonably be expected to adversely affect the System, (y) immediately notify Purchaser if it becomes aware of any event or circumstance relating to the System or the Premises that poses a significant risk to human health, the environment, the System or the Premises. In the event of unreasonable damage to the Premises caused by, or as the result of, the System, Provider shall, at its sole cost, repair said Premises to the condition existing prior to such damage.

(b) Governmental Approvals. While providing the Installation Work, Energy Services, and System Operations, Provider shall obtain and maintain and secure all Governmental Approvals required to be obtained and maintained and secured by Provider and to enable Provider to perform such obligations.

(c) Health and Safety. Provider shall take all necessary and reasonable safety precautions with respect to providing the Installation Work, Energy Services, and System Operations that shall comply with all Applicable Laws pertaining to the health and safety of persons and real and personal property. All work shall be performed by licensed professionals, as may be required by Applicable Law, and in accordance with such methods, acts, guidelines, standards and criteria reasonably accepted or followed by a majority of System integrators in the United States.

Dear Ms. Zimmermann:

As has been discussed with you, City of Rocklin (“Purchaser”) and [FFP Entity], LLC (“Provider”) have entered into an Energy Services Agreement, pursuant to which Provider will install, finance, operate, and maintain a solar photovoltaic system at the above-referenced premises which City of Rocklin leases from you pursuant to the Lease. By signing below and returning this letter to us, you confirm that:

1. The solar photovoltaic system and the renewable energy (including environmental credits and related attributes) produced by the system are personal property, and shall not be considered the property (personal or otherwise) of City of Rocklin upon installation of the system at the premises. Landlord consents to the filing by Provider of a disclaimer of the System as a fixture of the Premises in the office where real estate records are customarily filed in the jurisdiction of the Premises.
2. Provider or its designee (including finance providers) shall have the right without cost to access the premises in order to install, operate, inspect, maintain, and remove the solar photovoltaic system. City of Rocklin will not charge Purchaser or Provider any rent for such right to access the premises.
3. City of Rocklin has been advised that the finance providers for the solar photovoltaic system have a first priority perfected security interest in the system. Provider and the finance providers for the solar photovoltaic system (including any system lessor or other lender) are intended beneficiaries of City of Rocklin’s agreements in this letter.
4. City of Rocklin will not take any action inconsistent with the foregoing.

We thank you for your consideration of this opportunity and we look forward to working with you in our environmental campaign to increase the utilization of clean, renewal energy resources.

Very truly yours,

City of Rocklin

Exhibit B
of General Terms and Conditions

Certain Agreements for the Benefit of the Financing Parties

Purchaser acknowledges that Provider will be receiving financing accommodations from one or more Financing Parties and that Provider may sell or assign the System or this Agreement and/or may secure Provider's obligations by, among other collateral, a pledge or collateral assignment of this Agreement and a first security interest in the System. In order to facilitate such necessary sale, conveyance, or financing, and with respect to any such Financing Party, Purchaser agrees as follows:

(a) **Consent to Collateral Assignment.** Purchaser consents to either the assignment, sale or conveyance to a Financing Party or the collateral assignment by Provider to a Financing Party, of Provider's right, title and interest in and to this Agreement.

(b) **Notices of Default.** Purchaser will deliver to the Financing Party, concurrently with delivery thereof to Provider, a copy of each notice of default given by Purchaser under this Agreement, inclusive of a reasonable description of Provider default. No such notice will be effective absent delivery to the Financing Party. Purchaser will not mutually agree with Provider to cancel, modify or terminate this Agreement without the written consent of the Financing Party, however, this provision shall not be interpreted to limit any termination rights of either Party as set forth in the Agreement.

(c) **Rights Upon Event of Default.** Notwithstanding any contrary term of this Agreement:

i. The Financing Party shall be entitled to exercise, in the place and stead of Provider, any and all rights and remedies of Provider under this Agreement in accordance with the terms of this Agreement and only in the event of Provider's or Purchaser's default. The Financing Party shall also be entitled to exercise all rights and remedies of secured parties generally with respect to this Agreement and the System.

ii. The Financing Party shall have the right, but not the obligation, to pay all sums due under this Agreement and to perform any other act, duty or obligation required of Provider thereunder or cause to be cured any default of Provider thereunder in the time and manner provided by the terms of this Agreement. Nothing herein requires the Financing Party to cure any default of Provider under this Agreement or (unless the Financing Party has succeeded to Provider's interests under this Agreement) to perform any act, duty or obligation of Provider under this Agreement, but Purchaser hereby gives it the option to do so.

iii. Upon the exercise of remedies under its security interest in the System, including any sale thereof by the Financing Party, whether by judicial proceeding or under any power of sale contained therein, or any conveyance from Provider to the Financing Party (or any assignee of the Financing Party) in lieu thereof, the Financing Party shall give notice to Purchaser of the transferee or assignee of this Agreement. Any such exercise of remedies shall not constitute a default under this Agreement.

iv. Upon any default not reasonably susceptible to cure by a Finance Party, including, without limitation, rejection or other termination of this Agreement pursuant to any process undertaken with respect to Provider under the United States Bankruptcy Code, at the request of the Financing Party made within ninety (90) days of such default, Purchaser shall enter into a new agreement with the Financing Party or its designee having the same terms and conditions as this Agreement.

(d) **Right to Cure.**

i. Purchaser will not exercise any right to terminate or suspend this Agreement unless it shall have given the Financing Party prior written notice by sending notice to the Financing Party (at the address provided by Provider) of its intent to terminate or suspend this Agreement, specifying the condition giving rise to such right, and the Financing Party shall not have caused to be cured the condition giving rise to the right of termination or suspension within thirty (30) days after such notice or (if longer) the periods provided for in this Agreement. The Parties agree that the cure rights described herein are in addition to and apply and commence following the expiration of any notice

and cure period applicable to Provider. The Parties respective obligations will otherwise remain in effect during any cure period; *provided*, if such Provider default reasonably cannot be cured by the Financing Party within such period and the Financing Party commences and continuously pursues cure of such default within such period, such period for cure will be extended for a reasonable period of time under the circumstances, such period not to exceed additional ninety (90) days.

ii. If the Financing Party (including any purchaser or transferee), pursuant to an exercise of remedies by the Financing Party, shall acquire title to or control of Provider's assets and shall, within the time periods described in Sub-section (c)(i). above, cure all defaults under this Agreement existing as of the date of such change in title or control in the manner required by this Agreement and which are capable of cure by a third person or entity, then such person or entity shall no longer be in default under this Agreement, and this Agreement shall continue in full force and effect.

Exhibit C
of General Conditions

Requirements Applicable to the Installation Work

Section B.1 **Prohibition Against Use of Tobacco.** All properties and facilities owned, leased or operated by the Purchaser are tobacco-free work places. No person on, at or in any Purchaser-controlled property or facility, including, without limitation, the Premises, may smoke, chew or otherwise use tobacco products. Provider shall be responsible for: (i) informing any and all persons present on or at the Premises on account of the Installation Work about the Purchaser's tobacco-free policy; and (ii) strictly enforcing such policy with respect to the Premises. The Purchaser, Provider, and each Subcontractor shall require that any person present on or at the Premises on account of the Installation Work who violates such policy must permanently leave the Premises, and shall prohibit such person from thereafter being present or performing any of the Installation Work on or at the Premises.

Section B.2 **Prohibition Against Use of Drugs.**

(a) **Purchaser Drug-Free Policy.** All properties and facilities owned, leased or operated by the Purchaser are drug-free work places. No person on, at or in any Purchaser-controlled property or facility, including, without limitation, the Premises, may: (i) engage in the unlawful manufacture, dispensation, possession or use, including being under the influence, of any controlled substance, (ii) possess or use any alcoholic beverage, or (iii) use any substance which may cause significant impairment of normal abilities. Provider shall be responsible for: (i) informing any and all persons present on or at the Premises on account of the Installation Work about the Purchaser's drug-free policy; and (ii) strictly enforcing such policy with respect to the Premises. The Purchaser, Provider, and each Subcontractor shall require that any person present on or at the Premises on account of the Installation Work who violates such policy must permanently leave the Premises, and shall prohibit such person from thereafter being present or performing any of the Installation Work on or at the Premises.

(b) **Drug-Free Workplace Certification.** Provider is hereby made subject to the requirements of Government Code Sections 8350 et seq., the Drug-Free Workplace Act of 1990.

Section B.3 **Compliance with Labor Requirements.** The Installation Work is a "public works" project as defined in Section 1720 of the California Labor Code ("Labor Code") and made applicable pursuant to Section 1720.6 of the Labor Code. Therefore, the Installation Work is subject to applicable provisions of Part 7, Chapter 1, of the Labor Code and Title 8 of the California Code of Regulations, Section 16000 et seq. (collectively, "Labor Law"). Provider acknowledges that, as provided by Senate Bill 854 (Stats. 2014, Ch. 28), the Project is subject to labor compliance monitoring and enforcement by the California Department of Industrial Relations ("DIR").

Section B.4 **Compliance with Labor Code Requirements.** Provider must be, and shall be deemed and construed to be, aware of and understand the requirements of the Labor Law that require the payment of prevailing wage rates and the performance of other requirements on public works projects. Provider, at no additional cost to the Purchaser, must: (i) comply with any and all applicable Labor Law requirements, including, without limitation, requirements for payment of prevailing wage rates, inspection and submittal (electronically, as required) of payroll records, interview(s) of workers, et cetera; (ii) ensure that its Subcontractors are aware of and comply with the Labor Law requirements; (iii) in connection with Labor Law compliance matters, cooperate with the DIR, the Purchaser and other entities with competent jurisdiction; and (iv) post all job-site notices required by law in connection with the Installation Work, including, without limitation, postings required by DIR regulations. A Subcontractor that has been debarred in accordance with the Labor Code, including, without limitation, pursuant to Sections 1777.1 or 1777.7, is not eligible to bid on, perform, or contract to perform any portion of the Installation Work. Wage rates for the Installation Work shall be in accordance with the general prevailing rates of per-diem wages determined by the Director of Industrial Relations pursuant to Labor Code Section 1770. The following Labor Code sections are by this reference incorporated into and are a fully operative part of the Contract, and Provider shall be responsible for compliance therewith:

(a) Section 1735: Anti-Discrimination Requirements;

- (b) Section 1775: Penalty for Prevailing Wage Rate Violations;
- (c) Section 1776: Payroll Records;
- (d) Sections 1777.5, 1777.6 and 1777.7: Apprenticeship Requirements;
- (e) Sections 1810 through 1812: Working Hour Restrictions;
- (f) Sections 1813 and 1814: Penalty for Failure to Pay Overtime; and
- (g) Section 1815: Overtime Pay.

Section B.5 Requirements for Payroll Records. Provider must comply with all applicable provisions of Labor Code Sections 1776 and 1812, which relate to preparing and maintaining accurate payroll records, and making such payroll records available for review and copying by the Purchaser, the DIR Division of Labor Standards Enforcement, and the DIR Division of Apprenticeship Standards. The payroll records must be certified and made available as required by Labor Code Section 1776.

Section B.6 Contractor Registration. On and after March 1, 2015, no contractor may bid on a public works project unless the contractor is, and no subcontractor may be listed in any bid for a public works project unless the subcontractor is, currently registered with the DIR and qualified to perform public work pursuant to Labor Code Section 1725.5. On and after April 1, 2015, no contractor or subcontractor may be awarded a contract for work on a public works project, or may perform any work on a public works project, unless the contractor or subcontractor is currently registered with the DIR and qualified to perform public work pursuant to Labor Code Section 1725.5. It is not a violation of Labor Code Section 1725.5 for an unregistered contractor to submit a bid authorized by Business and Professions Code Section 7029.1 or Public Contract Code Section 20103.5, if the contractor is registered at the time the contract is awarded.

Section B.7 Permits and Licenses. Without limiting anything set forth in Section B.7 of this Exhibit C, Provider, its Subcontractors, and all of their respective employees and agents: (i) shall secure and maintain in force at all times during the performance of the Installation Work such licenses and permits as are required by law; and (ii) shall comply with all federal and State, and County laws and regulations, and other governmental requirements applicable to the System or the Installation Work. Provider or its subcontractors shall obtain and pay for all permits and licenses required for the performance of, or necessary in connection with, the Installation Work, and shall give all necessary notices and deliver all necessary certificates to the Purchaser, and shall pay all royalties and license fees arising from the use of any material, machine, method or process used in performing the Installation Work. Provider shall be solely responsible for all charges, assessments and fees payable in connection with any such licenses, permits, materials, machines, methods, and processes.
