MOTOROLA SOLUTIONS INC.

WHEREAS, neighboring law enforcement agencies in Placer County and Sacramento use a variety of UHF and VHF radio frequencies, however, the Rocklin Police Department is limited to use of VHF frequencies with its current radios, and in order to communicate with neighboring agencies, Rocklin officers need a dual band radio which allow them to switch between VHF and UHF frequencies; and

WHEREAS, the City recently was awarded a Homeland Security Grant, through the Placer County Office of Emergency Services in the amount of \$87,457. The City anticipates using \$84,504 of the FY 2020/21 DHS/OES grant for the purchase of ten additional dual band radios; and

WHEREAS, staff recommend redirecting said funds for the purchase of twenty-three dual band radios from Motorola Solutions Inc., to complete the outfitting of dual band radios for all officers, and amending the budget to reflect the repurposing of the funds with the approval of the quarterly financial report at a future Council meeting; and
